GRAND LODGE OF MISSISSIPPI, F.: & A.: M.:  
SOCIAL MEDIA POLICY

The Grand Lodge of Mississippi recognizes that the use of social media is growing at a rapid pace and our goal is to support the regular and extensive use of this exciting new technology. We understand that many Brethren are now connected by Facebook, Twitter, LinkedIn and other mediums. We as Masons are to be mindful however that our individual postings not only reflect our own character but that of Freemasonry.

- A Mason should conduct himself as he would in front of the general public with courtesy for others.
- As a Mason, he must be aware that his postings are a permanent record; therefore, his conduct may influence the world with a positive or negative opinion about him personally and about the organizations to which he belongs.
- A Mason should never use disparaging comments, profanity, etc. while posting; including, but not limited to, graphic video and audio recordings.
- A Mason should be mindful of “ritual” postings on the web.
- Masonic pages are to be supportive of the organization and its members, promote upcoming events, discussion of past events, video sharing, and discussion of times of fellowship and promotion of Masonic bodies.
- A Mason should not use Social media to obtain personal advantage in promoting political, religious or business activities by targeting other Masons.
- There should never be discussion in regards to an application, background, or investigation of an applicant.
- There should never be discussion in regards to the ballot of a candidate.
- There should never be discussion related to the business of a Lodge and what is discussed behind tiled doors.
- Information about Lodge or District social activities must comply with the regulations already in place for them (for example no reference to alcohol or games of chance).
- We should seek Brother to Brother intervention. As a Mason you should advise a brother if something he has posted is improper within the framework of our Grand Constitution or the Williams Digest of Laws.

Ultimately, your actions as a Mason on these Social media sites should promote the highest standards of morality and integrity. Posting a comment related to the Fraternity and then posting a disparaging comment about a social or political stance can easily be misconstrued by readers that your stance is representative of Masonry and all Masons. Be mindful that the public and members of the Masonic Fraternity are reading your posts on Social Media.

It is unmasonic for any Brother to breach the terms of this policy. Primary investigative oversight of this Social Media Policy is vested in the Grand Lodge Internet Committee. Should an infraction be investigated and warrant disciplinary action, the established laws of the Grand Lodge relating to Masonic discipline shall govern with absolute authority.
